## Ninja® Cooking System

Now you can make complete homemade meals easier, healthier and more delicious! The revolutionary **Triple FusionHeat™ technology** coming from the bottom and sides of the pot, in addition to the internal super-heated steam, allows you to prepare meals that will save time, reduce fat, and add more flavors to your meals.

**Steam Infused Roasting and Baking** – The Ninja® Cooking System creates mouth-watering, juicier meats and dramatically cuts cooking time by up to one-third to almost half the time of traditionally prepared meals. Bake cakes that are more moist and, prepared with 50% less fat!

**Fast One Pot Meal Making prepared in 30 minutes or less**—just add in ingredients all at once and start cooking, even from frozen and dry pasta! No need to drain pasta—fast and easy cleanup, all in one pot!

**SEAR-ious™ Slow Cooking...** you can NOW sear then slow cook your delicious ingredients right in the same appliance that will make the most extraordinary slow cooked meals...easier!

***The stovetop, slow cook and oven settings provide a satellite kitchen perfect for on-the-go cooking and extra cooking space for smaller kitchens! At the touch of a dial, you can prepare easy delicious meals!***
